Home

This is the shop homepage where the products are shown as shown in Figure 1. Pressing on an item will open a modal showing more information and an button to add the item to cart.

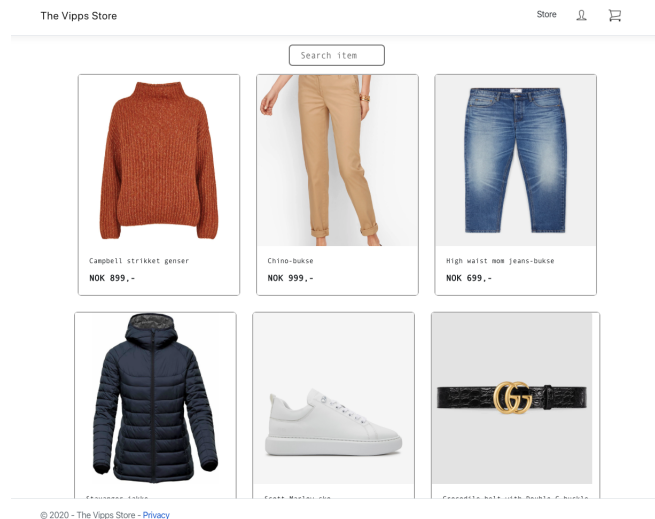

Figure 1: Shop homepage showing products in a grid.

Product

This modal opens when the product is pressed as shown in Figure 2. The modal shows more information about the item and a button to add item to cart. Pressing the x in the top left corner or pressing outside of the modal closes modal, and the home page is shown again.
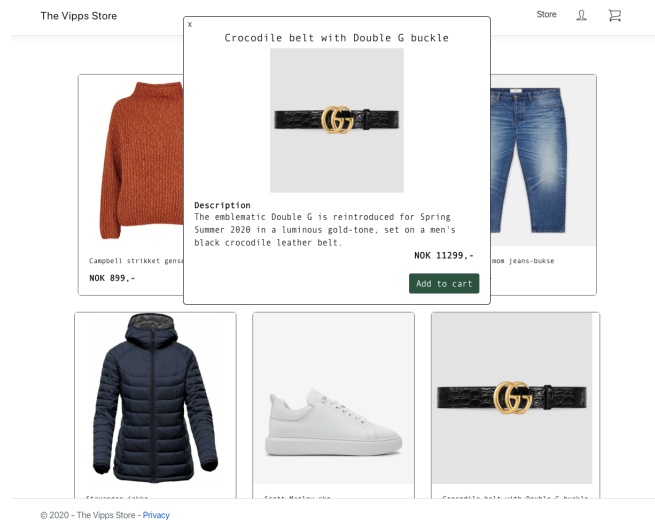

Figure 2: Modal showing the product information.

Cart

The cart page is shown in Figure 3 and shows a list of the items added to cart. Each item has a button to remove the item from cart. A sum of the amount for the items added to cart is shown with a button to continue to order page.

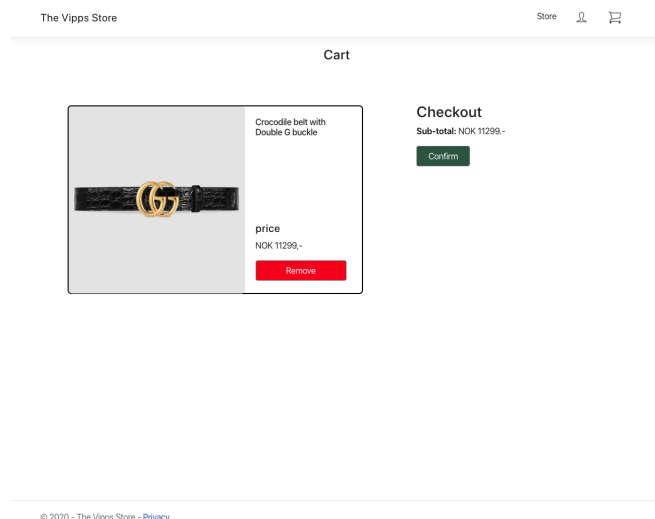

Figure 3
